JAMES SILBY

Of Mason County Indicted By the Fleming Circuit Court on a Grave Charge

The finding of a shotgun in a pond on James Silby's farm, two miles South of Maysville, some weeks ago, has been the means of placing James Silby in the toils of the law.

The readers of THE LEDGER will recall the circumstance of the attempted assassination of William Throckmorton on the evening of February 22d, during the festivities of a wedding supper given in honor of himself and bride at the home of his mother in Fairview.

Throckmorton was called to the door and a deliberate and cold-blooded attempt made to take his life by a mounted assassin, who, after firing point blank at Throckmorton, rode off in the darkness of night and escaped detection.

Since then Sheriff Mackey and Captain Roser have been working quietly on the case and have succeeded in securing a chain of circumstantial evidence strong enough to cause Silby's arrest and an indictment following, as above stated.

Silby gave bond for his appearance at the next term of the Fleming Circuit Court.

DEDICATION

Of Maysville's Handsome New High School Building Will Take Place June 17th

At a called meeting of the Board of Education Friday night it was decided that the dedication ceremonies be held in the commodious Auditorium of the building on Thursday afternoon, June 17th.

An elaborate and appropriate program will be arranged and nothing will be left undone to make the occasion a memorable one.

Prof. Crossfield will deliver the address, and among other notables who have been invited and are expected to take part in the exercises are Governor Augustus E. Willson and Prof. Crabbe.

A Ladies' Committee was appointed to assist in arranging matters, and it was also decided to secure one of Cincinnati's celebrated bands to furnish music.

The following letter is in reply to an invitation extended Governor Willson, and will be read with interest by patrons of THE LEDGER:

STATE OF KENTUCKY,
EXECUTIVE DEPARTMENT.
FRANKFORT, May 13th, 1909.

Mr. Robert A. Cochran, Maysville, Ky.—
My Dear Mr. Cochran: I thank you for your kind letter of the 12th, and I thank your Committee, of which you are Chairman, for the honor of the invitation to be present at the dedication of the High School June 17th, and I shall be very glad indeed to be present if I can. I cannot promise in advance, but I have no engagement for that day, and if Mrs. Willson's health is such that I can get away I shall come to you.

I care a great deal about my birthplace. I shall be interested to hear President Crossfield, and I shall be glad to visit Maysville, which would be my first visit since the day I opened my campaign of 1907.

With sincere regards, I am, yours truly,

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for testimonials.

BRADLEY'S AMENDMENT

Drawn in Tobacco Growers' Interest, Offered in Senate

Senator Bradley offered in the Senate Saturday his revised amendment for the relief of tobacco growers.

It creates an entirely new section in the Tariff bill and sharply draws the distinction between manufacturers and the growers. The paragraph relating to growers provides:

"That unstemmed tobacco in the natural leaf and not manufactured or altered in any manner, shall not be subject to any internal revenue tax or charges of any kind whatever, and it shall be lawful for any person to buy and sell such unstemmed tobacco in the leaf without payment of tax of any kind."

Frank Kendle's \$400 Fine Sustained By Adams Circuit Court

At Manchester, Ohio, the Adams County Circuit Court, composed of Judges Jones, Cherrington and Walters, Saturday handed down its opinion affirming the decision of Judge E. C. Corn of the Common Pleas Court in the case of Ohio against Frank L. Kendle, the Cincinnati saloonist, who was recently indicted and fined \$400 and costs upon two indictments for violating the Rose Law by selling intoxicating liquor from the gasoline boat Bertha Shumate while afloat below low-water mark on the Ohio river. This decision in effect reverses that recently rendered by Judge Hole of Columbiana county, who held in a similar case that the State of Ohio had no jurisdiction over offenses committed on the river below low-water mark.

The case will be at once taken to the Supreme Court for final decision as to the question of jurisdiction.

BIG CATTLE DEAL

Largest Sale of the Year—1,600 Head Bring Over \$100,000

Taylor Watkins of Elizabethtown sold 1,600 head of cattle to a Chicago packing firm. He sold 1,200 head at \$5.90, 300 head at \$5.50, and 10 head at \$5.15.

The cattle will average slightly over 1,200 pounds and are to be weighed up at the pens at Athertonville, where they have been fed.

The cattle belonged to Watkins, Carithers & Company.

This is the largest cattle sale of the year and one of the largest ever made in Kentucky. The sale aggregated somewhere between \$100,000 and \$110,000.

MAILED LETTERS

Are Owned By the Sender Until Delivered to the Addressee

Washington Star.
Many persons are under the impression that a letter once mailed is no longer the property of the sender, but belongs to the person to whom it is addressed.

This is an error. Under the postal regulations of the United States and the rulings of the highest Courts in the land, a letter does not belong to the addressee until it is delivered to him.

The writer has a right to reclaim and regain possession of it provided he can prove to the satisfaction of the Postoffice from which it was sent that he was the writer of it. Even after the letter has arrived at the office which is its destination and before it has been delivered to the addressee it may be recalled by the writer by telegraph through the mailing office. The regulations of the Postoffice Department require, of course, that utmost care shall be taken by the Postmaster at the office of mailing to ascertain that the person who desires to withdraw the letter is really the one who is entitled to do so, and the Postmaster is responsible for his error if he delivers the letter to an impostor or an unauthorized person. The vital principle in our political system lies at the bottom of this matter. In this country the State is the servant or agent of the citizen, not his master. It remains merely his agent throughout the transmission of a letter. The State may prescribe regulations by which its servants may carry a message for the citizen, but it cannot shirk its responsibility to him.

YOUR BACKACHE WILL YIELD

To Lydia E. Pinkham's Vegetable Compound

Rockland, Maine.—"I was troubled for a long time with pains in my back and side, and was miserable in every way. I doctored until I was discouraged, and thought I should never get well. I read a testimonial about Lydia E. Pinkham's Vegetable Compound, and thought I would try it. After taking three bottles I was cured, and never felt so well in all my life. I recommend Lydia E. Pinkham's Vegetable Compound to all my friends."—Mrs. WILL YOUNG, 6 Columbia Avenue, Rockland, Me.

Backache is a symptom of female weakness or derangement. If you have backache, don't neglect it. To get permanent relief you must reach the root of the trouble. Nothing we know of will do this so safely and surely as Lydia E. Pinkham's Vegetable Compound. Cure the cause of these distressing aches and pains and you will become well and strong.

The great volume of unsolicited testimony constantly pouring in proves conclusively that Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has restored health to thousands of women. Mrs. Pinkham, of Lynn, Mass., invites all sick women to write her for advice. She has guided thousands to health free of charge.

AT THIS STORE YOU ARE SUPPOSED TO BE CAPABLE OF SELECTING WHAT YOU WANT.

The average man of intelligence may be trusted to select a suit of clothes that is suited to his "personality." His personal taste decides, and decides rightly. The rubbish that is being printed to the effect that unless a man is guided and directed and advised and admonished (usually this monitor is to be a green clerk or a somewhat green tailor) he will buy something that will disgrace him and that will not suit his "personality"—it's all rather tiresome, don't you think? This store does not know your "personality" as well as you do. You may buy the suit you want—and it will suit your personality, never fear.

Prices \$7.50 to \$25.

SPRINGDALE.

The passing of the venerable Walter C. Jenkins at the old family homestead, where he was born nearly 82 years ago, removes from us another one of the highly respected citizens of the old school. His father, Captain Heskiah Jenkins, and his mother, Margaret Kopp Jenkins, were among the pioneers of this end of the county. They owned several hundred acres of land and many slaves. Their home was noted for hospitality, helpfulness and cheer. The homestead, now in possession of Mr. Lewis Jenkins, also far along the road of a well-spent life, still bears the same kindly record. It is noted as a home for the orphan and a resting place for the weary. The passing of "Uncle Walter," as he was familiarly known, called together a large number of this now numerous and widely scattered family. The interment was at Plumville by the side of his wife, who was Miss Agatha Berry. He leaves two children, Mr. Darius B. Jenkins of Maysville and Mrs. Bettie Mason of this place.

Women outnumber the men by 15,425 in the National Capital and its suburbs, according to the police census. The census shows a total population of 348,003 in the District of Columbia, an increase of 300 over a year ago. The Negroes number 97,142.

JAIL WITH A HISTORY

Some Interesting Yarns About Grant County Bastile Built in 1821

Grant county's old log Jail, which recently burned at Williamstown, was built in 1821 at a cost of \$220. It was used for thirty-five years, and no prisoner ever escaped from it.

Four persons were taken out of it to be hanged.

Two white men, Mays and Crouch, were hanged by a mob.

Two Negroes were hanged legally. One of them, Sam, was accused of having murdered his master's wife. He protested his innocence. Before being hung the Negro again declared that he was not guilty and told those present that lightning would strike the two white oak trees in attestation of his innocence.

Lightning did strike the trees, and on his deathbed the former master of the Negro confessed that he had killed his wife and charged the crime to the Negro, who was entirely innocent, as he had claimed to be, says The Williamstown Courier.

FEWER FATALITIES

On Railways Occurred in 1908
Owing to Freight Traffic Recession

Not since the business prostration of 1895 and 1896 has travel on American railroads been so safe as it was during 1908.

In a pamphlet issued by the Bureau of Railway News and Statistics it is stated that there were fewer fatalities to passengers and employees in railway accidents during 1908 than there were during 1907, a decrease of about 40%. The greatest decrease was in fatalities resulting from train accidents, and the following conclusion is drawn:

"All things considered, the diminution in fatalities was due almost entirely to the recession in freight traffic, which took the strain off every department of the service."

JUDGE FOR YOURSELF

Which is Better—Try an Experiment or Profit by a Maysville Citizen's Experience.

* Something new is an experiment. Must be proved to be as represented. The statement of a manufacturer is not convincing proof of merit. But the endorsement of friends is. Now supposing you had a bad back. A Lame, Weak or Aching one. Would you experiment on it? You will read of many so-called cures. Endorsed by strangers from far-away places. It's different when the endorsement comes from home.

Easy to prove local testimony. Home endorsement is the proof that backs every box of Doan's Kidney Pills. Read this case: J. M. Lloyd, farmer, R. F. D. No. 5, Maysville, Ky., says: "I am only too pleased to tell of my experience with Doan's Kidney Pills and hope that it will be the means of helping some other sufferers from kidney trouble in finding relief. About five years ago my kidneys suddenly became disordered and for several months I was bothered by constant, dull pains across my loins. When I stooped or lifted, sharp twinges shot through my body and caused the most intense suffering. I at length heard of Doan's Kidney Pills, procured a box at J. J. Wood & Son's Drugstore and began using them. They effected a complete cure, and since then I have not had backache or any other symptom of kidney trouble."

For sale by all dealers. Price 50 cents Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Sent to Maysville For Liquor For Thirsty Flemingsburg Parties

Times-Democrat.

There are said to have been a lot of "dry" people in town Sunday. On Saturday three colored "walking delegates" went to Maysville with \$30 or more of cash which had been entrusted to them with which to buy some of Maysville's choice brands of sure-death. The late train came in but the "walking delegates" came not. Hope still lingered that they would come on the Sunday morning train which gets to Johnson at 9 o'clock, but they still came not, nor did the afternoon train bring any liquid consolation, although it is reported that some of those interested drove to Johnson to see about it.

They will probably remain away until after Matt Hennessey and the Grand Jury get through with their session.
